### TOLD BY THE MARINERS

Lying Rumors Set Afloat By Spaniards For a Purpose

AMERICAN VESSELS IN ALL PORTS ARE SAFE AND SOUND

Washington, May 28—Special—Reports of disasters to American ships, coming from Spanish sources, are rife these days, but little reliance is placed upon them by the authorities here. The reported sinking of the cruiser Baltimore at the Philippines is found to be utterly groundless. Official advices show that no accident has befallen her, and she is in as good condition as at any previous time. Admiral Dewey is heard from regularly. He is still master of the situation at Manila. All he needs is troops with which to occupy the town, and these are on the way from San Francisco. It is positively known here that Spain has practically no fleet in the vicinity of the islands, and can get no vessels there before the arrival of the Charleston and the transports accompanying her. The reports of disaster to American ships are circulated, it is believed here, for effect upon European powers—in the elusive hope that Germany, France or Austria will extend aid to Spain.

News received up to this morning leaves no room for doubt of the safety of all of Dewey's vessels; of the successful blockading of Cervera's fleet in Santiago harbor, and of the continued vigilance and safety of the blockading vessels on the coast of Cuba.

### Spies Are Omnipresent.

Key West, May 29—Special—The military authorities here are having more anxiety on account of the Spanish spy system than from any other cause. Spies seem to be everywhere. Officers are shadowed constantly by emissaries of Spain, and every movement of troops is watched by keen-eyed dons and instantly reported to Madrid. It seems impossible to keep anything secret from them. Their prying eyes seem to be watching every man in authority and reporting his movements to the enemy, while the utmost vigilance is required to keep them from blowing up the magazines and destroying munitions of war stored here. There is constant fear of them, for they are known to be desperate men.

### Things Will Be Pushed.

Washington, May 28—Special—Since it has become apparent that Spain's policy to avoid a conflict as long as possible in the hope of European intervention, the government here has determined to force the fighting at every point. Next week, it is believed will be pregnant with big events, among them being the invasion of Cuba, an attack upon Porto Rico, and an attempt to get at and destroy Cervera's fleet. Instructions to "push things" have been sent out all along the line. Sampson and Schley, of course, are vested with discretionary powers, and will act on their own responsibility as to details but carrying out orders to "do something."

### The Riddle Unsolved.

Washington, May 28—Special—The riddle of Cervera's fleet is apparently still unsolved. What news last night's dispatches to the navy department contained it is impossible to say. Reports continue conflicting and until some definite news is received from Schley the world will not know whether or not he has been tricked by Cervera.

### A Specimen Canard.

New York, May 28—Special—Wall street began distributing its rumors today. This is one of them: "London, May 28.—Special editions of newspapers here say Sampson's fleet was defeated off Santiago and Sampson killed. No confirmation." Sampson has not been near Santiago.

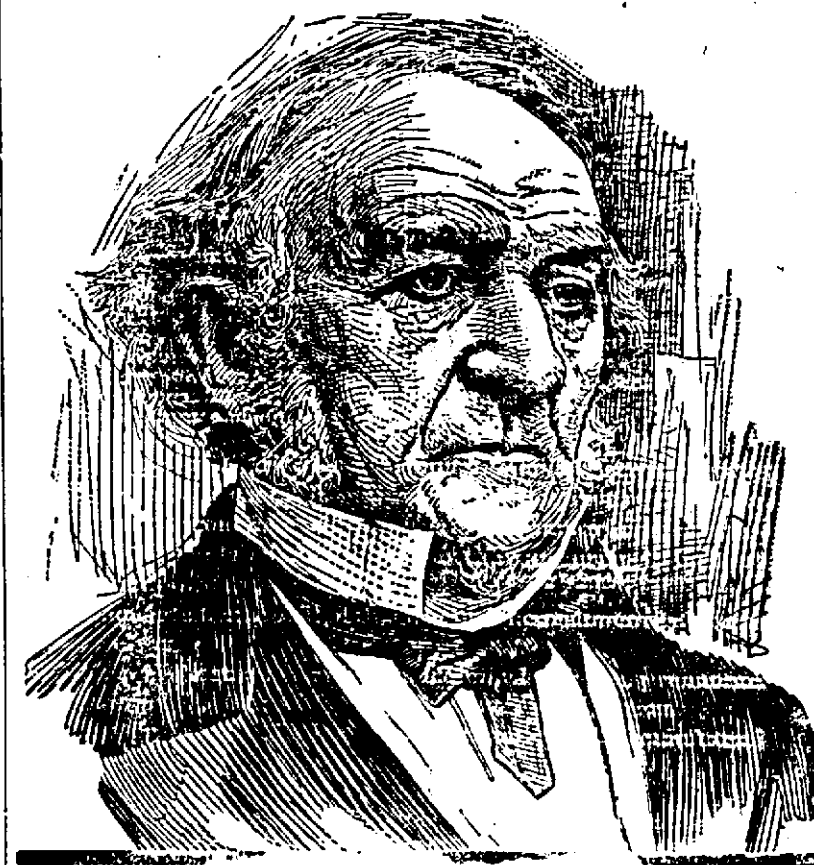

### Destination Not Stated.

London, May 28—Special—It is officially announced from Madrid that Camara's reserve squadron has left Cadiz, "for the Philippines, Cuba, or the United States, as the government may judge most opportune."

### An Improbable Report.

Key West, May 28—Special—An incoming cruiser is said to bring information that the Spanish fleet is not at Santiago, but that Schley is hot on its trail.

WAS LAID TO REST AT WESTMINSTER ABBEY

WILLIAM EWART GLADSTONE.

London, May 28—[Special]—The remains of Mr Gladstone were laid to rest in Westminster Abbey today. The obsequies in Westminster hall were simple yet majestic, despite the fact that they were devoid of imposing pomp. There was no insignia of

woe, but simply a long file of Great Britain's foremost men clad in ordinary mourning garb. After a brief prayer the coffin was raised upon the shoulders of the pall bearers, one of whom was the Prince of Wales, and carried to the abbey, where the last rites were held.

### A BUILDING WITH A HISTORY

Carlson Block Was Once a Noted Resort For Janesville Sports

The Carlson block at No. 11 North Main street, which is soon to be removed to make room for a modern structure, is one of the city's oldest landmarks, and is a building that has a history all its own.

The building was erected by the late A. C. Bates about 1847, the brick for its construction being made by James Alden at his brick yards near this city. In the '50s the building was a favorite hangout from cellar to roof.

In the basement was a bowling alley, while the first floor was occupied by a saloon known as "The Gem," which in those days did a poor day's business unless it took in \$500.

On the second floor was a brilliant ball in front, while in the rear was one of the warmest poker joints in this part of the country. At that time hundreds of raftsmen, who were working on the river, would stop off in this city, and day times as well as evenings they spent a goodly portion of their time in playing poker in these rooms.

On the third floor was a theater hall, which was under the management of Langrish & Atwater. For several years it was the only public hall in the city.

### AN EARLY MORNING BLAZE

Fire In a West Milwaukee Street Building Causes Considerable Loss

Between one and two o'clock this morning fire broke out in the building located at No. 15 West Milwaukee street. The flames were first noticed by Watchman Edward Smith in Ellman's fruit store. The hallway in the upper story was full of smoke and an alarm was turned in. The department responded promptly and succeeded in quenching the flames before much damage was done, save by water. The contents of Ellman's fruit store was removed with small loss, although the store, which had recently been fitted up as a considerably damaged by water. Dr. O. J. Palmer, the dentist, loses several hundred dollars by water, and carries an insurance of \$600. Isadore Cohn, dealer in pictures, places a loss at \$500, while Mr. Ellman loses about the same.

The loss on the building, which is owned by the Tailman estate, may reach \$1,200. There is an insurance of \$2,000 upon the property.

### DELIGHTFUL SOCIAL EVENT

Entertainment in Honor of Miss Cora Sutherland This Afternoon

A delightful social affair was given this afternoon by Mrs. J. A. Sutherland at her Dodge street home in honor of Miss Cora Sutherland, whose marriage to William K. Shattuck will be solemnized in this city on June 8. The function was in the nature of a whist party, and at small tables the guests indulged in the popular game.

The rooms presented a handsome and patriotic appearance being decorated with small American flags, while here and there out flowers added beauty to the scene. A tempting repast was served at small tables, and the affair proved one long to be remembered by those fortunate in being present.

### EXPLOSION CAUSED A STIR.

Torpedoes Burst and Produce a War Scare on Milwaukee Street.

Three hundred giant torpedoes exploded simultaneously on West Milwaukee street at 7:30 o'clock this morning, and for a time people in that vicinity thought the Spaniards were bombarding the town. When the smoke had cleared away it was found that Johnson Taylor, the drayman, was the hero of the hour.

Mr. Taylor, who works for Eugene Fish, was unloading several boxes of fireworks at the DeForest bakery, when one of the boxes slipped from his grip, and striking the corner of the walk exploded with deafening results. The horses ran up the street, but were captured. Mr. Taylor escaped injury.

### ACCUSED OF STEALING A BIKE

A. G. Davidson Occupies a Cell in the County Jail

A. G. Davidson, a good looking and honest appearing young man of some twenty-six years, is now occupying quarters at the Rock county jail. He is charged with stealing a bicycle in Beloit some days ago, but says he will prove his innocence when the time arrives. Marshal George Appleby, of Beloit, arrested Davidson at Mount Carroll, Ill., with the wheel in his possession. At Beloit he waived examination and his trial is set for June 2 in this city.

### GIFTS FOR THE SOLDIERS

Mrs. Hanson Bears a Goodly Number to Jacksonville.

When Mrs. Charles Hanson left for Jacksonville, Florida, this morning to join her husband she had two large grips aside from one large trunk, all of which were filled with presents for the boys of Co. A.

The gifts, which were from local relatives and friends, embraced everything from money to tobacco, and were each accompanied by a cordial note. Mrs. Hanson expects to remain with her husband through the present trouble.

### BROTHERHOOD OF ST. ANDREW

General Secretary of the Order to Address Young Men Tomorrow.

John W. Wood, general secretary of the Brotherhood of St. Andrew, arrived in the city this noon for the purpose of paying a visit to the Janesville chapters. This evening he will deliver an interesting address at the Christ Church Parish House which will be open to all young men interested in the work.

The object of Mr. Wood's visit here is to create more interest in the Brotherhood work among the young men of the city. Tomorrow he will address two meetings in Milwaukee. While here, he is the guest of Clark A. Wilson.

### IN GOOD TEMPLAR'S CIRCLES

The Funeral of Captain Cleghorn—Observance of Memorial Day.

Members of the local lodge of Good Templars met last evening and made arrangements for attending the funeral of the late Captain J. F. Cleghorn, which was held in Clinton today.

At the meeting last evening arrangements were also made for decorating the graves of all departed Good Templars, the exercises to take place on Decoration day.

## REBELS GET AMMUNITION

Americans Land An Abundant Supply at Cienfuegos

SCHLEY ISSUES A BOLD CHALLENGE TO THE SPANIARDS

Key West, May 28—Special—After the demolition of a small fort south of Cienfuegos, which was accomplished by the cruiser Marblehead Tuesday, the flagship Brooklyn landed sixty thousand rounds of ammunition and provisions, which were received by the insurgents. When the Marblehead's fire ceased, seven hundred Cubans stormed the works and drove the Spaniards out. On Wednesday Schley sent a challenge to the Spaniards, offering to pit his smallest vessel against the entire Spanish fleet, threatening in case of refusal to bombard the city. He received no response, and after ascertaining that the Spanish fleet was not there he sailed for Santiago. The dispatches that brought this information also positively assert that Schley now has the fleet bottled up at Santiago. It is estimated that the landing of ammunition and provisions at Cienfuegos cost at least two hundred Spanish lives.

### Advices From Dewey.

Washington, May 28—Special—The following dispatch from Admiral Dewey was made public today: "No change in the situation. The blockade is effective. It is impossible for the people of Manila to buy provisions except rice. Commander Lamberton has been appointed captain of the Olympia, vice Gridley, condemned by the medical board."

### Rumors of a Battle.

Boston, May 28—Special—The herald publishes the following from Kingston, Jamaica: "There is a persistent rumor here, not officially confirmed, that Schley's fleet forced the channel at Santiago and destroyed the Spanish fleet, bombarding the town after the enemy's ships were destroyed."

### Wise Precautions.

Key West, May 28—Special—The greatest vigilance is being exercised to guard against the possibility of the Spanish fleet getting into Havana. Sampson is operating just as though the enemy is not bottled up at Santiago. Pickets have been thrown out, and the vessels are in battle formation.

### Dispatches From Schley.

Kingston, Jamaica, May 28—Special—The gunboat Eagle has arrived at Port Antonio with dispatches from Schley's squadron. Her officers refuse to say whether or not the Spanish fleet has been located.

### Twelve Ships On Guard.

New York, May 28—Special—A Kingston, Jamaica, dispatch says twelve American warships guard the entrance to Santiago harbor, and that the Spanish fleet is almost certainly inside.

### WILL LECTURE AT ROCKFORD

Mr. Kempton is a most interesting speaker and will tell the story of his journey through Egypt, Palestine, Syria, Asia Minor, Turkey, Greece and Europe.

Those in the Forest City having the lecture in charge have already sold over 500 tickets.

### ONE OF THE NEW BRIGADIERS

Gen. Lucius F. Hubbard Served in the Late War With Distinction.

Lucius F. Hubbard, just commissioned brigadier general by President McKinley, commanded the brigade in which Col. Britton's regiment, the eighth Wisconsin, served during the war. Lieutenant Sargent, who was killed at the battle of Nashville and after whom the local U. S. R. post was named, was inspector on his staff when killed. General Hubbard also being slightly wounded. General Hubbard has served two terms as

governor of Minnesota since the war. He was a nephew of the late Lucius Field of this city, whom he was named. His letter to the widow of the late Lieutenant Sargent is engraved on the Sargent tombstone in Oak Hill cemetery. An interesting item in connection with General Hubbard's war service is the fact that Arch bishop Ireland was chaplain on his staff during the time that he was colonel of the Fifth Minnesota volunteers. A congratulatory telegram from Colonel Britton reaching old days reached General Hubbard today.

### CIRCUIT COURT WAS BUSY

Bank of Edgerton Case Up and Set For June 13

In the circuit court for Rock county today arguments were postponed in the case of O. M. Gager vs the Bank of Edgerton on account of one of the interested attorneys being absent from the city. John M. Olin, of Madison, was on hand to represent the depositors, while M. G. Jeffrie, W. G. Wheeler and E. D. McGowan will represent the stockholders. The case was set for June 13 at 9 a. m.

In the assigned case of Dollman et al vs Greenwood the court settled the accounts of the assignee. The case was from Jefferson county.

## COMFORTS PLENTY AT JACKSONVILLE

### JANESVILLE SOLDIER BOYS ARE WELL QUARTERED

Camp Reminds Them of the State Rifle Range at Camp Douglas—The Men Are in Good Health—Royal Welcome Is Given To the Soldiers.

Camp Springfield, Jacksonville, Fla. May 24—The Jacksonville "Metropolis" gives us this welcome:

It should be the aim of every citizen of Jacksonville to make the volunteers now here, feel that they are among friends.

If Wisconsin troops continue to fare as well all of the time as they have so far, our mothers and fathers and sisters and sweethearts need have no fear for our well being.

It is not the Florida and south we looked for. It is Camp Douglas with taller pines, cooler breezes, palms in place of ferns and a surrounding population that holds out to us a most cordial, welcoming hand. We are truly fortunate.

Sergeant Ben Brown had the honor of being the first Sergeant of the Guard of Wisconsin troops in Florida. That was for last night's guard. Other members of it were Privates Wallace, Sheldon, Wilbur, Fletcher and Sloan.

The water supply is being guarded. These are city lots. The best part of the city is very near us. For instance, Eighth street runs through the lines. No one could tell from the appearance of the grounds, that we are not twenty miles from civilization. But pipes and hydrants reach us all and good water runs through them. And it is to keep it good that a guard is put over it to keep an enemy away.

Our detail for this duty today is Privates Gifford, Gumbert and Hailer. Tomorrow Halverson and Hein, both privates, will go on that duty, and their orders are, "do not hesitate to shoot."

Considerable of a sensation was occasioned at the depot when the boys were marched into the depot to see some Spanish prisoners and know what sort of looking people their enemies are.

Everyone here has to work, as the camp requires considerable labor before it satisfies the eye of the superior officer. But a very excellent natatorium and the St. John's river, both salt water, enable the men to keep in good condition.

A few sore throats are left from our Camp Harvey sojourn. Corporal Brown and Privates Flint, Hein and Jollyman have spoken in whispers for some days. The former slept down town and had a rigorous treatment last night and today reports "well" as have the others.

It is good, in this strange people's country, to see familiar faces, and Martin Truelsen is said to be with the Second Illinois.

We are from all over the country, and all kinds of people. But all earnest and full of fulfilling the purpose of our coming.

Of course the "Southern dialect" plays a great part in the conversation of the boys. Sergeant Will Smith says his "your a's" and "we was" most beautifully. And if Private Buchholz isn't taken away from here soon, he will turn black. It is hard for us, nevertheless, to understand what he says now.

Regular army discipline is rigidly enforced, as it has been all the way "enroute" here. It has been a bit hard for some of the men to submit to the close confinement of our cars and to the necessity of considering themselves inferior in authority to old time chums, now superior by rank. But all is working out wonderfully well. And the feeling that all this discipline may prove of value, some day on a battle field is gradually drawing us closer into the lines of duty.

In regard to our trip I cannot do it justice. It was an experience of a life time. I think one of our boys expressed the proper idea when he said, "If we ever go back we'd had a good run for our money." And the constant surprises as to the appearance of this man's country, so different from what we expected, has helped to keep us constantly on the watch and interested.

I believe Privates Pearl, Coryn, Bus, Atkinson and Kinschield only left their windows for their rations and sleep. Mr. Jenner got the rations none of us missed. Coffee was served fairly regular three times each day. And twice ten men were taken out of the train and exercised.

Of course the boys were surprised to learn from Capt. Hanson, at Thomasville, 100 miles from here, of the

FRENCH GOWN OF DOTTED VEILING FROM HARPER'S BAZAR

Among the new imported models in summer costumes is a novel gown of voile with shirt waist and skirt, the front of the waist forming a slender apron. These charming voiles are made up over taffeta linings, usually varying in color from poppy red to pale rose, and from Wilhelmina orange to dull yellow. The coloring of the model is palest heliotrope patterned with tiny silk dots in light yellow, over a foundation skirt of a deeper tint. The apron is of grass linen in the natural green color, and contrasts prettily with the veiling, while an additional harmony is its trimming—tiny velvet ribbons in graduated shades of old yellow and brown. The plain sleeves of unlined linen are banded at the wrist with the same velvet. The skirt is shirred in several lines about the hips, with the fulness hanging to the

change of our destination, but we are more than satisfied.

The boys, Corp. Hall and privates Serris, Morton, and all those who have kept journals are tired of writing. Frank Lish will send some mighty good photos to Jacksonville. The signal corps has been temporarily retired, so he will have much time for views.

Derrey, our dog, has been clipped and has a happy look on his massive features.

Lieutenants Joe Whiting, Baldwin and Bledel are most content with the life.

A non-commissioned officer is in each tent. Otherwise the men are allowed to choose their own quarters.

As to the arrangement of the quarters, I think ours is a good sample. It is a 10x12 tent. In it, besides your correspondent, are Privates Fletcher, King, Halverson, Buchholz, Sheldon and Reynolds. The ground is covered with tar paper. That is covered with very aromatic pine needles (each a foot long) six inches deep. Comfort—well—sure, "We use it a daisy well!"

### NO TROOPS FROM JANESVILLE

This City Will Not Be Called Upon For Volunteers.

Major W. A. Newman, of Chicago, was in the city yesterday and stated positively that no company of volunteers will be formed by him in Janesville in response to the second call by the president. Major Newman received a letter from the assistant adjutant general at Madison notifying him that on account of their being so many cities in the state that wished to bring forth a company, which had not yet been given a show, it was found advisable to let Janesville wait, for the reason that she already has one company in the field.

In case a third call is issued, which is unlikely, Major Newman says the chances are that he will be in Janesville ready for business. His visit here today was on private business.

## BIG SHOW COMES SUNDAY MORNING

FOREPAUGH & SELLS COMBINATION HERE EARLY

Will Spend the Sabbath Day in Janesville and Exhibit on Monday—Special Trains of Palace Cars and An Army of Artists and Employees.

Bright and early tomorrow morning the great Forepaugh and Sells Brothers circus will arrive in Janesville. The summary given herewith will convey an idea of the magnitude of the circus combination. The great tented outfit is moved from town to town on 54 cars, all of which are 60 feet in length. These cars are owned by the show, and were built especially for them by the Pennsylvania railroad company. Experts pronounce it the finest railroad equipment ever owned by a circus management. In addition to the cars used in transporting the show plant, there are four advance advertising cars, they too, being the property of Messrs. Forepaugh and Sells.

The number of employees in various capacities is legion. The list is as follows: 20 agents, 80 bill posters, 150 canvasmen, 125 grooms, 40 wardrobe men, 12 chandeliers, 45 razor-backs, or train men, 35 cook-house men, 50 animal men; 15 dining car men; 13 sleeping car porters; 200 equestrians; acrobats, vaulters, gymnastic and other athletic performers, and Merkle's military band of 40 musicians.

Then there are the jockeys and characters of the hippodrome, and Alexander McGregor's big contingent of Scotch complete. It includes a manager, with four assistants, a treasurer with three assistants; a horse convalescent, with eight assistants, a horse handler, with six assistants, a superintendent of transportation; superintendent of Menagerie, a special press agent, who is with the show daily, and a Pickerton detective. The side show and concert people number about seventy-five.

The Forepaugh-Sells combination will exhibit principally in the west this season, Buffalo Bill, by arrangement with Forepaugh & Sells, playing the eastern circuit.

Janesville will see the big Forepaugh-Sells combine in all its springtime beauty Monday. The show only left winter quarters two weeks ago and the paraphernalia has not had time to get travel stained. The rig performance is said to be surpassingly fine.

As the combination will spend Sunday in Janesville, the people can figure that the parade will be seen promptly at the appointed time.

## HALL'S BOMB A SQUIB

Evening Wisconsin—The open letter of Assemblyman A. B. Hall opposing the renomination of Gov. Scofield has fallen flat, instead of creating a sensation. The letter was evidently intended to be a bombshell; it has turned out to be merely a squib. This is because the powder with which the thing was charged had been injured by long exposure to the elements. In other words, Mr. Hall betrayed feebleness by fulminating charges that have been made before and shown to be untrue. His letter indicates a malevolent and desperate state of mind.

What has made the enemies of the governor desperate? Doubtless their condition was superinduced by witnessing the warmth of popular approval aroused by the governor's energy and ability in connection with the equipment and dispatch of Wisconsin troops for the Spanish war. Gov. Scofield has been simply doing his duty in this matter, with no thought of making political capital; but a great deal of praise has been accorded him for the manner in which he has acquitted himself. His opponents have sprung the Hall letter with the object of putting him on the defensive. Instead of putting the governor on the defensive, it has put Assemblyman Hall himself on the defensive, because he has published a string of charges which he must have known to be untrue, with the object of injuring the personal and political standing of the chief executive of the state.

The governor's standing with reference to corporations was set forth in his own words in his Janesville speech, and can be referred from his official actions with reference to legislation involving corporations. He believes that corporations should pay their proportionate share of taxation. He does believe that they should be severely prosecuted by demagogues bent on making personal political capital. In respect to the bill providing for the taxation of sleeping-car companies, the governor's record is much easier to explain to the satisfaction of the people than the record of Assemblyman Hall. The Governor has opposed to the passage of buncombe legislation and refused to sign the bill introduced by Mr. Hall because it would be a dead letter. Mr. Hall refused to make the measure effective. It is believed by many people that Mr. Hall was much more anxious to put the Governor "in a hole" than to provide by law for the collection of taxes from the sleeping car companies.

Chargers Fall Flat.

Stoughton Hub.—Assemblyman Hall, of Dunn county, has a letter in the Milwaukee Sentinel of Monday attacking Gov. Scofield and setting forth several reasons why he should not be renominated. Mr. Hall thinks the governor is too friendly with the railroads, that he is playing into the hands of the express companies, and that he is for the grasping corporations and monopolies, as against the dear common people every day in the week. Among the specific allegations is one that the governor transported his cow from Oconto to Madison on an express frank. Eliminate this single charge from Mr. Hall's "bill of exceptions" and his complaint falls flat. And eliminated it must be, for it is untrue.

Cranks and Cranks.

The Evening Wisconsin quotes the Superior Leader, and comments thereon as follows:

Superior Leader—Among the wonderful things in literature is the fact that Robert Burns should have said: "The right lightness is a fool, the right wise another," without ever knowing A. B. Hall, or Menomonee.

"The unco' guid snither!" But it amounts to about the same thing; and there is no doubt that there were intolerable cranks in Robby's time as well as in the closing year of the Nineteenth century.

Hall Is On the Rack.

Chippewa Herald—The impression is gaining ground throughout Wisconsin that Mr. Hall has become entangled in a very bad mess owing to his readiness to credit a report that had not the least foundation in fact and it

will take a large amount of explaining to clear himself of the suspicion that his chief desire was to injure the governor not to advance his crusade against the railroad pass. Mr. Hall is on the rack, not Gov. Scofield.

Where Hall Landed.

State Journal—The mule has always borne the palm for a vicious kicker, but the mule in it no longer. Governor Scofield's cow has performed the greatest kicking feat on record. She has kicked Assemblyman Hall clear over the political fence, and into the underbrush.

Hall Is Maim.

Madison Journal—Assemblyman Hall was in the city last night, but stubbornly refused to tell his business here. There is a rumor on the streets, but we don't believe it, that he came down to see if he couldn't find the word "pass" branded on the flank of the governor's cow.

## A STRONG CARTOON.

The Madison Journal publishes an expressive cartoon of Anti-Railroad Hall, the cow and R. Machine LaFollette. Hall is pictured in the first section hanging onto the tail of the galloping cow, while LaFollette is trying to head the animal off. The conversation is as follows:

Hall—"Stop the cow Bob! She hasn't paid the freight!"  
Bob—"Let go Hall! Don't you see this receipt? Somebody's fooled you!"  
The second section shows the cow in the act of elevating Mr. Hall, while Mr. LaFollette is in a state of collapse.

"I can't let go," says Mr. Hall as the cow plants her feet in his stomach. "She's kicking the stuffing out of me! Can't you stop her?"

All of which only goes to show that the man who trusts in a cow is bound to be worsted in the end.

Janesville is not alone in the damnable boat. After being out twenty-four hours the jury in the case of Jacob Rhyner against the city of Menasha brought in a special verdict of \$600 for the plaintiff. It was a defective sidewalk case. A former jury gave the plaintiff \$2,500, but the Supreme court reversed it.

A cow is a very unreliable animal when it comes to furnishing motive power for a machine, as Mr. LaFollette and Mr. Hall can bear testimony.

If Janesville soldiers had been asked which general they preferred to serve under, they would probably have said, "Fitzhugh Lee!"

Uncle Sam to the powers—"Shiny on your own side."

Schley is shy—in more ways than one.

## CHILD WRECKS

Caused By Ignorant Selection Of Food

One of the most divine traits in mankind is the love for and care of the little folks. To furnish them good nourishing food is to supply the wherewith to build the little bodies into healthy and sturdy men and women. Parents who thoughtlessly give coffee to growing children will see the day when they would give anything on earth to bid of the regret for the weakness and frequent sick spells of the children, caused by the all-devil food of coffee. Give the children Postum Food Coffee, the famous food drink, which goes directly to nourish and strengthen child or adult, and when in after days you glory in their strength and ability, you can remember with pride that your intelligence and care about the food and drink in their childhood made the sturdy men and women they are. It is essential to be careful. It pays well to give children nourishing liquid food like Postum.

WILL HONOR THE  
SOLDIER DEADOBSERVANCE OF MEMORIAL  
DAY IN JANESVILLE

Grand Army and Auxiliary Societies Will Decorate the Graves—General Order From Commander Child—Services Tomorrow at Court Street Methodist Church.

Monday being Memorial Day there will be a general suspension of public business throughout the city. There will be no sessions of the courts, the city and county offices will be closed; the postoffice will be opened only during the usual holiday hours, and citizens generally will unite with the G. A. R. and the Woman's Relief Corps in doing honor to the heroes who now sleep beneath the sod. The order of exercises, together with a list of those who will have charge of the ceremonies, have already appeared in The Gazette.

The day has always heretofore received proper recognition from citizens of Janesville, and there is reason to believe that this year the respect and reverence shown for those who died that the republic might live will be no less general or sincere than in former years. Post Commander, O. D. Child, of the G. A. R., has issued the following order, which is republished for the information of those it may concern:

Attention, Commanders: You are hereby reminded that you have a sad and solemn duty to perform in observing Memorial day in a fitting manner, which occurs on Monday, the 30th inst. The proper observance of this, the most sacred day of all national holidays, is and should be the first duty of every surviving comrade. The Relief Corps will assist in the noble work of throwing flowers over the graves of the fallen heroes. A special invitation is hereby extended to the city schools to take part in perpetuating the memory of the departed dead. All patriotic citizens are cordially invited to be present during the ceremonies. Owing to other attractions in the city on that day it has been decided to dispense with the usual exercises at the cemetery except what are contained in the Grand Army ritual. The memorial address will be delivered by the Rev. Walter A. Hall on Sunday the 29th inst., at Court Street church, at 10:30 o'clock a. m., to which all are invited. Commanders will meet at Post hall at 10:15 on Sunday morning and march to the church, and will meet on Monday at 2 o'clock p. m. The procession will leave Post hall quarters at 2:30 o'clock sharp, and proceed without delay to the cemetery. By order

O. D. CHILD, Post Commander.

W. J. McINTYRE, Post Adj.

Servants in Court Street Church.

Tomorrow at Court Street M. E. church a special service in memory of the dead will be held. Rev. W. A. Hall the pastor, officiating. The church has been tastefully decorated for the occasion with flags and military accoutrements.

Sergeant Post O. A. R. and the Woman's Relief Corps will attend in a body. Quartette music especially arranged for the occasion will be given by an excellent choir, and Mr. Hall will deliver an address, choosing as his theme, "Fight a Good Fight."

Enjoyed Their Outing.

Pupils and Teachers in Country Schools Have a Picnic.

A large delegation of picnicers met in the town of Center yesterday and held a delightful joint school outing. Schools in districts No. 1 and 2, as well as those in the towns of Center, Algona and Porter were all represented in spite of the threatening weather.

Superintendent Ross was present, and delivered an excellent address. Diplomas were presented to Misses Minch, Lay and Alde, of the joint districts of Center and Porter. Among the teachers present were:

Misses Beekle Smith, Alice Clifford, Pearl Daniels, Wood, Whitmore and McGaire.

Too Much Rain to Suit.

Corn Is Injured by the Heavy Down-pours of Late.

Rock county farmers from all portions of the county are complaining of too much rain of late. The corn will be fully a week later this year than usual. The rains of last week made it impossible for the farmers to put in the grain, and with the early variety which was planted before the rains, it will be necessary to do the work again, the rains having obliterated the marks and leveled the corn hills.

No Parrot.

J. M. Bostwick & Sons received recently some pretty flags mounted on spear head sticks. The red is a bright handsome shade, the colors are fast. One style made of fine satin is a good imitation of a silk flag that would sell at \$1.25, but they are only 35 cents. The others are 20 cents and 25 cents. They also show many styles in patriotic badges, attack pins, silk handkerchiefs and silk flags at 10 15 and 25 cents, and women's ties in neat bows and ascots. The ascots are made so that they can be worn plain or with the national colors in evidence.

You can spend a delightful day to-morrow at Crystal Springs park; the Italian orchestra will furnish music. Boats will run conveniently for the public.

## MANY MADE CENTURIES.

Janesville Bicycle Riders Made Good Records in 1897.

The recent report for the year of 1897 as issued by the secretary of the Century Road Club of America, shows that Janesville has the second largest number of century bicycle riders in the field in the state of Wisconsin.

The city of Milwaukee took the lead with nine riders while Janesville had six in the field.

Orion Sutherland, of this city, has made the greatest number of century rides of any rider in the state, the 1897 report says, having a record of forty-three runs of 100 miles each.

In one single day he broke all records by making a 300 mile race. W. B. H. per, of Milwaukee, was awarded second place, he having thirty-nine runs to his credit. The local riders have the following 100 miles to their credit:

Orion Sutherland.....43  
J. C. DeLong.....17  
Carl Miller.....15

## THE BOYS TAKE THEIR TOLL

There Is Considerable Liquor Drinking in Military Camps

Harry Hanson and Alfred Foote, well known Milton Junction boys, who are prominent members in the Good Templars lodge, joined the First regiment at the first call and are now with their company in the south. In an interesting letter received by Private Hanson's parents it seems that the two Milton Junction boys have taken notice of the fact that a great deal of liquor drinking is going on among the boys in camp and that it is not an uncommon sight to see a half empty bottle of whiskey in camp at any time. Hanson and Foote are well known members of the local lodge of Good Templars.

## WHAT THE SUPERVISORS COST

A Two Days Session of the Board Cost the Tax Payers \$200.

It cost Rock county in the neighborhood of \$200 to have the county board of supervisors meet in this city two days of this week for the purpose of transacting general business. Each supervisor is paid a salary of \$3 each day while the board is in session. Besides this he is paid mileage at the uniform rate of three cents a mile. Supervisors residing in the city of Janesville are allowed two miles or the handsome sum of six cents mileage. John B. Henry, supervisor from the town of Avon, drove the largest mileage he has credited with traveling fifty-three miles.

## DROWNED IN A MINE.

Disaster Overtakes the Workmen in a Pennsylvania Colliery.

Pottsville, Pa., May 28.—Word reached here Friday that while miners were working in the Red Ash vein of the Kaska William colliery, about ten miles east of here, yesterday, a large body of water was struck and six men are supposed to have been drowned. They are:

WILLIAM MORGAN, married; wife and two children.

WILLIAM DERR, single, 17 years old.

MARTIN NALOCHIS.

PETER DURKIN; wife in Poland.

PAUL KOSCIUSKI.

WENDELE KROVISHKI.

It is possible that Derr and Morgan may be rescued, but there is no hope for the others.

France Cannot Have Manila.

New York, May 28.—The Berlin correspondent of the World cables: "Rumors that Spain contemplates transferring the Philippines to France continue to create much uneasiness here, as it is believed that the foreign office here would interpret that action as unfriendly toward German interests. There is reason for believing that recent paragraphs in the semi-official press here protesting against the transfer have been inspired with the view of letting it be clearly known that Germany would resist a transfer of the islands to France with every diplomatic means at her disposal."

Congress May Quit Soon.

Washington, May 28.—Talk of adjournment is very pronounced around the house and senate. Democrats and republicans in the house are anxious to get home to look after their fences, and as Speaker Reed is opposed to any further general legislation at this session there is nothing for the house to do, so the members are prepared to adjourn as soon as the war revenue bill is out of the way. Senator Gray of Delaware said this morning that congress can easily get away by June 15.

Germany Strictly Neutral.

Berlin, May 28.—United States Ambassador White is greatly pleased at a fresh evidence yesterday of Germany's strict neutrality. Acting upon information from the United States consul at Hamburg to the effect that the Spanish steamer Pinzon was about to sail with contraband of war, Mr. White went to the foreign office and protested, with the result that the government officials acted promptly. The steamer was searched and no contraband of war was found on board.

France Is Preparing for War.

Paris, May 28.—The Matin says that the ministers of war and marine have received directions for the organization of national defenses, in view of the eventualities which may possibly arise from the Spanish-American war.

## Milwaukee Carnival Week.

Carnival week at Milwaukee, June 27 to July 3, will rival the Mardi Gras at New Orleans. Those having the celebration in charge believe that the Wisconsin festivities will be more attractive than those of the far famed southern city. At New Orleans there are only three evening attractions. At Milwaukee there will be six days and six nights of endless festivities. The grand pageant, illustrating the history of Wisconsin, will consist of twenty floats. These floats are rapidly nearing completion and are said by the contractor, who has devoted his whole life to this business, to be the finest he has ever yet constructed. Low fares on all roads and boats will be given for Carnival week.

Charles Hartshorn Has Great Admiration For the Old Gentleman.

Charles Hartshorn, one of the prominent residents of Clinton, was in the city yesterday on business, and while in the office of the register of deeds made the remark that he was personally acquainted with Admiral Dewey's father.

Mr. Hartshorn, prior to his removal to the west, resided near Montpelier, Vermont, where he was personally acquainted with members of the Dewey family. In speaking of Admiral Dewey's father Mr. Hartshorn says he was a pleasant man to meet, and that he was a very able man, representing his district as a senator.

HONORED BY HER CLASS

Miss Martha Jackson Chosen a Member of the Badger Board

At a meeting of the class of 1900 of the state university held at Madison Thursday evening, honor was conferred on Miss Martha Jackson, of this city, by her election as a member of the Badger board for next year. Miss Jackson received a vote of 155 out of a total of 150 cast. A total of twenty-six members were elected as the choice of the class, and the honor conferred is one that Miss Jackson may well feel proud of.

CAUGHT IN A TOWER

Four Men in Imminent Peril One of Whom Burns to Death

Hartland, Wis., May 25—Just before noon yesterday as Henry Schumacher, John Broch, Anton McKlusky and one known as "Herman" were working on a tower being constructed for Meyer Bros. of Milwaukee on Pine lake the tower caught fire and shut off their escape. Three of them jumped to the ground, a distance of forty feet, seriously injuring all of them. One may die. Herman attempted to make his escape by the stairway and was burned to death. The property loss was about \$2,000. No insurance.

Mr. John Peterson, of Patonville, La., was very agreeably surprised not long ago. For eighteen months he had been troubled with dysentery and had tried three of the best doctors of New Orleans, besides half a dozen or more patent medicines, but received very little relief. Chamberlain's Colic, Cholera and Diarrhoea Remedy, having been recommended to him, he gave it a trial and to his great surprise, three doses of that remedy effected a permanent cure. Mr. Peterson, a well known merchant of the same place, is well acquainted with Mr. Peterson and attests to the truth of the statement. This remedy is for sale by People's Drug Company, corner of Main and Market streets.

Indian Ford.

Indian Ford, May 27—Mr. and Mrs. Rowell Phelps, of Milton Junction, and Mrs. Whitson, of Sandwich, Ill., visited R. Call's people last Thursday. Mrs. O. Gary and son and daughter, of Corter, visited Mrs. Gary's mother Sunday. Rev. Mr. Martin and Miss Wetmore of Fulton, were at the Ford roads Tuesday. Mr. and Mrs. Glenn, of Janesville, and Rev. Mr. Depew and mother, of Illinois, have been here. Rev. Mr. Depew will be remembered as the pastor of Antebellum church, of southeast Fulton. They were guests of R. Call's people Tuesday. Mr. and Mrs. J. L. Chamberlain visited their daughter and family, of Rockdale, from Saturday till Monday. Mrs. Hatfield and Mrs. Dally, of Janesville, were at Indian Ford fishing Tuesday. Miss Jennie W. Lwrath and Miss Stevenson, of Edgerton, visited the Ford school last Thursday. Mr. Butler, of Janesville, is making some needed repairs on the red cross mill at the ford.

L. F. Farley conducts a large mercantile business at Liberty Hill, Ga. He says: "One application of Chamberlain's Pain Balm relieved me of a severe pain in my back. I think it O. K." For lame back, rheumatism, neuralgia, swellings, sprains, bruises, burns and scalds no other liniment can approach Chamberlain's Pain Balm. It is intended especially for these diseases and is famous for its cures. For sale by People's Drug Co., corner Main and Milwaukee streets.

Pensions For Wisconsin People.

Washington, May 28.—Pensions have been granted persons residing in Wisconsin as follows: Original—Charles E. Dunaven, Plover, \$8; Louis Macin, Rio Creek, \$6 Additional—Michael Wolf, Hortonville, \$8 to \$12; Michael Hagley, Hurlburt, \$8 to \$12. Renewal and Increase—James Wagner, Waupun, \$2 to \$8. Increase—Henry Jaques, Green Bay, \$10 to \$8; Spencer E. Grove, Edgerton, \$17 to \$20; James Maloney, Wisconsin Veterans' home, Waupaca, \$8 to \$10; Hamilton Wells, Reedsburg, \$10 to \$17. Original, widows and children—Ruth A. Perry, Oconto Falls.

"I would not be without Chamberlain's Remedy for its weight in gold," writes Dr. J. Jones, of Holland, Va. My wife was troubled with a cough, for nearly two years. I tried various patent medicines, besides numerous prescriptions from physicians, all of which did no good. I was at last persuaded to try a bottle of Chamberlain's Cough Remedy, which promptly relieved the cough. The second bottle effected a complete cure." The 25 and 50 cent bottles are for sale by People's Drug Co., corner Main and Milwaukee streets.

The Cuban question and political issues slunk into insignificance with the man who suffers from piles. What he most desires is relief. Dr. Williams' Pile Cure cures piles. People's Drug Store.
